Good afternoon,

On behalf of Travis Lewis, the following FOIA request is planned for release Tuesday, March 27, 2018. This is a no records response. The request is for:

"Any emails, memos, electronic postings, transmissions, or other documents or discussions accessible to GSA and dated after November 1, 2016, about encouraging, preferring, allowing, limiting, preventing or otherwise authorizing government travel to properties, owned by, licensed by, named for Donald Trump, or otherwise including the names "Trump" or "Mar-a-Lago" (aka Maralago, Mar A Lago). This should include, but not be limited to any internal GSA discussions, along with directives, questions, or requests made to FedRooms, Adventure Travel, AdTrav, National Travel, C2 Solutions, or other Travel Management systems or providers." In response to your request, GSA has not provided any general or individual guidance concerning travel by President Donald Trump, White House staff, and/or Executive Branch agency officials to Mar-a-Lago, Trump Towers, or any other Trump-owned residences to conduct official business."

This draft final response package has been reviewed and approved by the OGC and Bob Stafford.

I have attached the draft response letter.

Let me know if you have any questions. Thanks.

Good evening,

The attached FOIA request response letter and accompanying enclosures will be released COB Friday September 1st. This is a FOIA request that has pending litigation related to it. This is one that Duane Smith has coordinated very closely with my staff and I on every aspect of preparing and reviewing the responsive information. Duane is working with DOJ to get this litigation dismissed and the release of this information for this FOIA request is crucial to that occurring.

This is a partial release request, exemptions are cited in the response letter. The request is for:

“1. All records reflecting communications (including emails, telephone call logs, calendar entries, meeting agendas, or any other records reflecting communications) between GSA and any member of the Trump transition team. Please provide all responsive records from November 8, 2016, through January 20, 2017.”

2. The Memorandum of Understanding provided by the Trump transition team to GSA.”

I am attaching the three responsive files: (1) the response letter, (2) the MOU attachment, and the (3) email attachment with redacted emails responsive to this request.

Good evening,

The following FOIA two requests (rolling releases - as described in the letters) are planned for release on Wednesday morning, December 27th. Duane Smith has assisted with the response and it also is regarding litigations regarding the Election Integrity matter.

Please see the note below from Duane Smith with additional information on the background of these requests.

This email contains the OGC approve letter and responsive documents for GSA-2017-001031 and my next email will have the releasable information for GSA-2017-001401.

Hey Travis-

We are doing partial releases for the subject FOIAs: 2017-001031 and 2017-001401 per the litigation regarding this matter. DOJ and WH has reviewed the proposed release.

This is 1 of 2 emails. The first is the partial response letter for 2017-001031 and responsive docs. The second email will contain the letter for 2017-001401 and the responsive docs.

We have a hard deadline of 12/30 for sending out this partial response per the litigation that these FOIAs are part of, so this needs Cynthia's review and approval tomorrow.

Good morning,

This FOIA request response for this "No Agency Records" response is planned for release to the requester this afternoon, June 6, 2018. Our e-discovery pull did not bring back any positive results for the context of this request.

This request is for:

"[a]ll communications by political appointees containing any of the following terms: 1) Holdover(s), 2) Turncoat(s), 3) Leak*, 4) Troublemaker(s), 5) "Deep state", 6) Embed*, 7) Burrow*, 8) "Clean* house", 9) Cleans*, 10) Cleaning, 11) Loyal*, 12) Purge*, 13) Cheerleader(s), 14) Sabotage, 15) "Obama person", 16) "Obama people", 17) Anti-Trump, 18) Undermin*, 19) Plant* and 20) Mole*. The use of the * symbol is intended to indicate that the agency will search for variations on that word containing any subsequent combination of letters, such that the search for "leak*" would return instances of leak, leaks, leaker, leaked, leaking, etc. Seeks all records from January 20, 2017, to the date the search is conducted (March 29, 2018)."

Good morning,

The following FOIA request response is scheduled for release Tuesday morning, January 30th. This is very similar information to the several other Presidential Election Integrity FOIA requests that have also gone forward with notices for release earlier this week.

The request is for:

"Access to all communications between any person employed by the GSA and any person working for or on behalf of the Presidential Commission on Election Integrity, which is also referred to as the voter fraud commission. These should contain, but are not limited to, communication with Andrew Kossack, Kris Kobach, the Office of the Vice President's Counsel's office and the Office of the Vice President. I specifically request - though this request is not limited to - the list of emails attached to this request, including their attachments."

The zip files with the identified emails contain redactions, as stated in the letter and within the Releasable Document files - the email numbers match-up to the numbers in the master list - also attached. Duane Smith has assisted our office heavily on this ongoing request. He has approved this response package, and DOJ and WH counsel have also reviewed and concurred.

Good morning,

The following FOIA Referral request response letter and responsive documents will be sent to the requester tomorrow morning, March 10th. This request was originally directed to the Office of Government Ethics (OGC). While the OGE was gathering responsive information, they identified a few pages that are GSA equities. OGE referred these documents to GSA for our review and direct release to the requester. We have reviewed and prepared this response for release tomorrow morning. GSA OGC has approved the letter and the accompanying enclosure for release.

Good afternoon,

This FOIA request, GSA-2016-000574 - Mr. Daniel Wagner - BuzzFeed, will be released to the requester at COB Wednesday July 12th.

This request is for:

- 1) All records (including but not limited to electronic and print correspondence) generated or received by Kevin Terry and containing the word "Trump" and either of the terms "Old Post Office" and "OPO," from January 1, 2011 through the date on which this request is logged.
- 2) All official memoranda, reports, summaries or opinions regarding the GSA's jurisdiction to enact zoning policies in or around the Old Post Office — including but not limited to analyses of the agency's jurisdiction over government buildings hosting private-sector projects and with limited government uses.
- 3) Any official waivers granted to the Old Post Office redevelopment team in connection the project's historic preservation, deadlines, financing structure or lease provisions and in the possession of GSA, whether granted by GSA or by some other entity.
- 4) Any official letters, memoranda or opinions related to GSA's decision to allow the Trump-led entity until August 2013 to sign a lease — including any records regarding GSA's decision from February through August of that year not to consider fresh bids on the project.
- 5) Any correspondence addressed to the Washington, D.C. government or any official thereof, regarding the zoning process for the Old Post Office project.

Our response letter instructs the requester on each portion of this request. A good amount of this requested information is either already posted to the Reading Room, where we are directing the requester, or not available/releasable. In that case we are informing the requester of that fact. There is a file of 384 pages that is responsive to this request that has not been released before. That is attached below along with the response letter. OGC has concurred as well.

Good morning,

The following two FOIA requests will be submitted to the requester at COB Friday July 14th. These two requests are for the same information, so we are combining the responsive documents in one email for ease of review.

These requests are both for:

"[a]ll emails, sent and received from the official government email account of Denise Turner Roth, that mentions or refers to TRUMP. The timeframe for this request is November 1, 2016 through the date the search for responsive records is conducted."

This is a partial release withholding information under b(4) (financial information) and b(6) as mentioned in the letters. OGC has concurred on this release.

Attached are:

1. the two proposed response letters,
2. Three files of enclosures - responsive documents to this request. The large file is the emails, and the two smaller files are the email attachments.

By the way in the large file, it was just noted that we missed a personal email on page 232, we are correcting this and this name will be properly withheld in our final release.

Good evening,

This FOIA request planned response is not from a media requester, however, it is of an incident that did have media coverage last year and previous FOIA requests involving a parking garage roof collapse at the Ronald Reagan Building last year. Due to this fact, I do want to provide a heads-up of this pending release, which is **scheduled for COB Friday May 3rd**.

The request is for:

"On April 20, 2017 while departing the Ronald Reagan Building, at 1300 Pennsylvania Ave NW, the parking garage ceiling collapsed on my car, totaling my car. Due to this incident I am requesting the following information:

- 1) Any video footage of the 14th street north ramp from 3:30 pm to 5:00 pm, I have seen the video, but it has not been released to me.
- 2) GSA's policy for conducting building inspections and how often they are completed.
- 3) The most recent inspection report of the parking garage ramps, specifically the ceilings.
- 4) The name of the contractor that installed the ceiling in the 14th street north and south ramp.
- 5) GSA Internal reports, emails, and any other correspondence regarding the ceiling collapse.
- 6) The date and outcome of the last building safety inspection report."

The releasable files are attached, along with the draft response letter. OGC has reviewed and concurred on this release.

Good afternoon,

The following FOIA request response for GSA-2017-001453 is planned for release to the requester at Friday afternoon August 31st. This is a partial release response. The FOIA office worked very closely with Central Office OGC, Region 2 OGC, Region 2 PBS employees (SMEs), and also consulted with US Secret Service on this FOIA request.

The response is for:

"[d]isclosure from the General Services Administration any and all records, which includes but is not limited to emails, memos, letters, legal opinions, reports, invoices, text messages, mentioning or referring to a dispute, as reported in The Washington Post, between the United States Secret Service and The Trump Organization over the terms of a lease for space inside the building AND the Secret Service vacating its command post inside Trump Tower. The date range for this request is January 20, 2017 through the date the search for responsive records is conducted.

I also request any and all correspondence between the GSA and Secret Service mentioning or referring to the terms of the lease for space inside Trump Tower and any and all records related to Secret Service vacating its command post inside Trump Tower.

TO BE CLEAR: I am requesting that GSA conduct this search for responsive records."

The responsive email documents (we will finalize the redactions once approved - they are in a draft state currently for ease of review) and concurrences are all attached.

Good Evening,

The following FOIA request response will be released to the requester on Friday afternoon, November 17th.

The request is for:

"[a]ccess to and copies of records showing how much the U.S. General Services Administration ("the GSA") has spent on flood-related expenditures at GSA-owned buildings annually for each of the past ten fiscal years, up to and including Fiscal Year 2017 ("the First Request"). For the purposes of the First Request, expenditures are defined to include both (a) costs associated with reducing or mitigating against future flood-related damage and (b) costs associated with repairing flood-related damage that has already occurred. For the purposes of the First Request, flood-related damage is defined to include damage related to hurricanes, storm surges, tidal flooding, precipitation or any other natural disasters that may involve water damage.

I also request access to and copies of documents showing which of the GSA's buildings in flood plains have experienced flood-related damage -- and for those buildings that have experienced flood-related damage, when that damage occurred, and the cost of repairing that damage ("the Second Request"). The GSA listed the buildings it owns in flood plains in a FOIA response to me dated September 20, 2017 (2007-001514); this request refers to the buildings identified in that response."

Good morning,

The following FOIA request response is planned for release to the requester on Monday morning, May 21st. This is a full denial request, where we explain why GSA cannot release this information from/on behalf of other Federal Agencies. This response is consistent with the stance GSA has taken on all prior similar requests such as this. OGC has concurred on this response letter.

This request is for:

“Agencies must make semi-annual reports to GSA about travel by “Senior Federal officials and non-Federal travelers who fly aboard their aircraft.” The first reporting period for Senior Federal Travel (SFT) data is the first half of the fiscal year, October 1 through March 31, with reports due on April 30. The second reporting period is the second half of the fiscal year, April 1 through September 30, with reports due October 31. American Oversight makes this request for records related to that obligation.

- All agency SFT data submitted to GSA to comply with the reports due on April 1, 2016.
- All agency SFT data submitted to GSA to comply with the reports due on October 31, 2016.
- All agency SFT data submitted to GSA to comply with the reports due on April 1, 2017.
- All agency SFT data submitted to GSA to comply with the reports due on October 31, 2017.

In addition to the records requested above, we also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request.”

The request is for:

- **000147** - "All communications between political appointees and/or SES employees at GSA and My Pillow or anyone acting on behalf of My Pillow. All communications between political appointees and/or SES employees at GSA and Mike Lindell or anyone acting on his behalf."

Good morning,

On behalf of Travis Lewis, the following "partial release" response is planned for release on Tuesday morning, June 19th. The FOIA request is for the following information:

"[d]ocuments related to any monthly statements, annual statements or other documents showing income and expenses, comparisons of budgeted income and expenses, and occupancy data involving Trump Old Post Office LLC submitted after June 14, 2017. This should specifically include monthly statements submitted by this entity (the tenant in the Old Post Office building in Washington D.C.) showing income, operational balance and monthly performance data covering the months May 2017 – October 2017."

This response is very similar to the previous email I sent to you all (2018-000648). In the past, we have released and posted previous months reports to our FOIA reading room. Once these have been released we will also add these new reports to the existing items already available on the web.

OGC and Bob Stafford have concurred on this response.

Thank you.

This FOIA request response is a partial release FOIA response. We cite what we are withholding in the response letter.

The FOIA request is for:

2. Records sufficient to identify all career employees who have been detailed into a leadership office or component front office since April 12, 2017; the title or position of each employee while on detail; and each employee’s originating agency or component, and prior title (to the extent that such individuals have held multiple titles or positions since April 12, 2017, identify each title or position).

3. Names and resumes of anyone from the transition teams or beachhead teams who have joined the agency in full-time capacity, either as career, political, or administratively determined positions since April 12, 2017. For the purposes of this request, please include any employee who previously had a temporary or provisional appointment at GSA before April 12, 2017, and took on a permanent appoint after that date.

4. For each individual identified in response to requests 1 to 3:

a. The resume provided by the individual to the agency in connection with determining the appropriate salary for the individual, or, if that is not available, a recent resume contained within the agency’s records. We have no objection to the redaction of contact information (addresses, telephone numbers, e-mail addresses) for the employee or references, or to the redaction of past salary information. Employment, education, and professional association information is not exempt and we object to any redactions of such information.

b. Any conflicts or ethics waivers or authorizations for the individual, including authorizations pursuant to 5 C.F.R. § 2635.502.

c. Records reflecting any recusal determination made or issued for the individual.

of home addresses, telephone numbers, or social security numbers from the SF-50s.

Please provide all responsive records from the date of April 12, 2017.

5. In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request. If GSA uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request.”

Good morning,

The following FOIA request response is planned for release tomorrow morning, February 15th. This is an Agency "no records response". I have also attached the OGC concurrence email chain.

The request is for:

The "financial reports for the 58th Presidential Inaugural Committee."

We have done our research and we explain in the letter that the 58th Presidential Inaugural Team had no requirement to provide GSA with Financial Reports of their activities. Thus, GSA has no responsive records to the request.

Good morning,

The following FOIA request response is scheduled for release to the requester at COB Tuesday December 4th.

This is a 3rd interim release on this request. There have been two previous GSA releases, one back in September 2018 and one earlier this month in November. We anticipate there will be a 4th and final response ready for release sometime in December.

This request is for:

"I would like copies of all Interagency Agreements between 18F and any other federal agency."

*FYI, GSA provided an initial response on September 7, 2018 which contained 109 interagency agreements (IAAs). The 2nd interim release are the IAAs between 18F and the National Geospatial Intelligence Agency (NGA), U.S. Immigration and Customs Enforcement (ICE), U.S. Department of Homeland Security (DHS), and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). Attached in this email are the coordinated Agency approved versions of these IAA documents for the FBI. GSA consulted with the FBI and they have concurred on the release of this Redacted enclosure.

Attached for this release below are the following:

1. Proposed 3rd interim response letter
2. Redacted/applied responsive documents (FBI's proposed redactions to their IAA with 18F).
3. Legal Concurrence

Good afternoon,

The proposed FOIA request response is scheduled for release Friday morning, August 3rd. The proposed letter and the responsive documents lease files are attached.

The request is for the following:

"Records of any leases, contracts, or other real estate agreements for the Customs and Border Protection (CBP) Erie, PA Border Patrol Station; CBP Buffalo Border Patrol Sector Headquarters; CBP Grand Forks, ND Border Patrol Station; and Immigration and Naturalization Services offices in Buffalo, NY listed on the Acquest Development website available at:

https://www.acquestdevelopment.com/showcase/portfolio?form_name=filter_list_sc_portfolio&form_event=submit&resume=true&list_sc_portfolio_filter_cat_2=0&list_sc_portfolio_filter_per_page=100&filter_btn=Update+List."

FYI: Please note that there are actually three parts to this request; each part is a different location and Region. As a result, there are three separate FOIA's. The response in this email is for the first one:

1. 2018-001370 - Any leases, contracts, or other real estate agreements for the Customs and Border Protection (CBP) Erie, PA Border Patrol Station (this is being responded to in this email).

Items #2 and #3 will be responded to by separate Regions, under separate responses. This is much more efficient from a GSA management standpoint. The requester has been alerted to this fact as well. Our proposed response letter also reiterates this fact.

2. 2018-001462 - Any leases, contracts, or other real estate agreements for the CBP Buffalo Border Patrol Sector Headquarters. CBP Grand Forks, ND Border Station location;

3. 2018-001302 - Any leases, contracts, or other real estate agreements for the Immigration and Naturalization Services offices in Buffalo, NY.

Good morning,

The following FOIA request response response package for GSA-2019-001394 is planned for release at COB Thursday January 31st. The proposed final response letter, OGC concurrence and the redacted responsive documents are attached below. This is a partial release with redactions labeled as appropriate in the letter and the responsive documents.

This request is for:

“As a part of the West Heating Plant disposal, comment responses were posted online: https://www.gsa.gov/cdnstatic/GSA_Heating_Plant_Disposal_Final_EA_12-05-12_Main_Document_508_part_2.pdf The comments contain this paragraph: The property, as excess Federal property, will be disposed of in an “As is/Where is” condition. The steam tunnels would remain in place, and the future owner will be responsible for sealing the steam tunnels and accounting for the location of the sewer in the development planning process. Historical information and other maintenance work in that area indicates that the steam tunnels adjacent to the West Heating Plant do not contain asbestos. I would like to obtain a copy of the historical information referenced above, as well as any maps and photographs showing steam tunnels in the District of Columbia.”

Good afternoon,

The following FOIA request response for GSA-2019-000427 is planned for release to the requester tomorrow afternoon, February 1st. This is a full release response for the following information:

"Under the terms of the Freedom of Information Act I wish to request a unique breakout of GSA Schedule data published by the GSA's Office of Policy and Compliance, Acquisition Oversight Division (AOD). The AOD Director is Joshua Royko. The data I seek is information published on the AOD's SSQ+ dashboard (<https://d2d.gsa.gov/report/fas-schedule-sales-query-plus-ssq>). The functionality of the dashboard permits data export but limits the contents of each exported file to just the fields connected with the particular chart displayed, and connecting files exported chart-by-chart is not really feasible because data fields needed to link exported files accurately are not exported. Several SSQ+ dashboard displays highlight different aspects of the Schedule data. I would like to obtain all the fields of schedule data displayed in all the charts and graphs. Pulling from the various report option menus, the fields of data I wish to obtain include: Column 1: Vendor Name, Column 2: Vendor DUNS Number Column 3: Schedule Name, Column 4: SIN, Column 5: Contract Number, Column 6: Category, Management Level 1 Market, Column 7: Category Management Level 2 Market, Column 8: NAICS, Column 9: Business Size, Column 10: Socioeconomic Category, Column 11: Vendor City, Column 12: Vendor State, Column 13: FY 2015 total, Column 14: FY 2016 total, Column 15: FY 2017 total Column 16: FY 2018 total. I would like the dollar totals to be aggregated according to the other data fields in each row of the exported file. I would like the deliverable to be an Excel text file in .csv format."

The response letter, responsive documents and OGC concurrence are all attached below. Please note the responsive files are very large and must be sent in this email via google drive. However, they are small enough to be transmitted directly to the FOIA requester via the FOIAonline application upon final release.

Good morning,

The following FOIA request response is planned for release to the requester on Friday morning, July 5th. This is a partial release/partial denial release, where the withheld information is properly cited in the proposed response letter attached below and in the redacted/releasable files planned for release to the requester.

Due to the nature of this request and the equities involved, we officially consulted with the GSA OIG FOIA Office and their attorneys during the preparation of this request. Their office suggested their redactions, which we included, and they accepted those that we proposed. The below files reflect the final result of our FOIA consultative efforts with the GSA OIG FOIA Office.

This request was originally for the following information:

"All documented correspondence originating since January 1, 2018 between the Office of the Administrator and the GSA Office of Inspector General in which any of the names "Murphy" "Brigati" or "Borden" are referenced. This should include letters, emails (including attachments) or faxed materials".

The request was later clarified with the requester and more narrowly scoped to the the following:

"Please consider this a clarification on FOIA GSA-2019-000446. Thank you for any confirmation that you have received this. Pursuant to the Freedom of Information Act, CNN requests all emails sent or received in 2018 (Jan 1 – Dec 31, 2018) by Emily W. Murphy or Allison F. Brigati or Robert Borden or Jack St. John (GSA Leadership) with Carol Ochoa or Jason Suffredini (GSA Inspector General) in which the terms "investigation" or "review" or "emoluments" or "Trump" are used. In other words, please search the email of Emily W. Murphy for any emails exchanged with Carol Ochoa or Jason Suffredini with these terms. Please search the email of Robert Borden for any emails exchanged with Carol Ochoa or Jason Suffredini with these terms. Please search the email of Robert Borden Borden for any emails exchanged with Carol Ochoa or Jason Suffredini with these terms. Please search the email of Jack St. John for any emails exchanged with Carol Ochoa or Jason Suffredini with these terms."

The proposed response letter as well as the multiple responsive enclosures are attached below. OGC concurrence as well as the GSA OIG Office comments on the consultation are also attached.

Good morning,

The following FOIA request response is planned for release to the requester Friday afternoon, June 28th. It is a full grant release. The proposed response letter is attached, along with OGC concurrence is attached below. The OGC concurrence file is just for your FYI only and will not be released to the requester tomorrow afternoon when the response letter is released.

The original incoming FOIA request was for:

"A list of all federal government buildings, either owned or leased, that have experienced incidents involving contamination. This can include lead paint contamination, asbestos contamination or any other type of contamination. The list should include the address of each building, the date the incident was reported, and what, if anything, has happened with the building since the initial report."

On May 20, 2019, the requester clarified his request by stating the following:

"Here are my responses to your questions of the corresponding number: 1. You can limit the search to all federal buildings with GSA involvement in the leasing or ownership and exclude any such as military or Post Office buildings that do not involve the GSA. 2. The time frame can be over the last 10 years, so from May 14, 2009 to May 14, 2019. 3. The request is just looking for information on buildings that exist in GSA's inventory today. 4. You can remove this phrase "what, if anything, has happened since the initial report," from my request. I understand your point that it is overly broad."

Good morning,

The following proposed FOIA request response for GSA-2019-001090 is planned for release tomorrow afternoon, July 2nd. This is a partial release/partial denial request where the exemptions are properly stated in the proposed response letter, as well as the enclosure. The response letter, the enclosure with responsive documents are attached. OGC concurred on this response letter and the responsive documents for release to the requester.

This FOIA request is for the following:

"Requesting the following documents generated as part of the creation of the GSA FOIA office that is responsible for overseeing and/or processing FOIA requests, whether this was at the time of the agency's creation or the passage of the Freedom of Information Act, to include:

1. The instruction to do so from the Agency, as well as any guidance from the senior leadership
2. Documents discussing proposals and procedures
3. Any legal guidance or analysis produced or acquired by the Agency in response to or as part of the creation of the FOIA office
4. Internal documents from the press office, legislative liaison's office (or equivalent), general counsel's office (or equivalent), director's office (or equivalent) or the newly created FOIA office, reacting to or characterizing the office and its creation
5. A copy of the agency's first perfected (successful) FOIA request
6. Copies of other FOIA requests filed before the FOIA request described above
7. Processing notes, search slips and response documents regarding the FOIA requests described above
8. The first set of guidelines, instructions and/or forms created to control the agency's processing of FOIA requests
9. A copy of the agency's first successful FOIA appeal

10. Copies of other FOIA appeals received by the agency before the appeal described above

11. Processing notes, search slips and response documents regarding the FOIA appeals described above

12. The first set of guidelines, instructions and/or forms created to control the agency's processing of FOIA appeals.

13. The instruction to do so from the Agency, as well as any guidance from the senior leadership.

GSA does not have any of the specific "aged" documents, as requested, still on file due to the age of the documents and the temporary records retention schedule those records fall under. However, we worked closely with OGC on this request and we identified a few current active records on file that can be released that are technically in scope of the request, and those are attached.
